

# Thank You *for* Listening

Put the other person's need to speak, think, and feel ahead of yours.	I really enjoyed our chat.	
	You gave me your undivided attention.	
	You asked good questions. You didn't make me feel self-conscious or embarrassed.	
	You made me think. You got me thinking.	
	You didn't judge. You didn't make me feel bad.	
	You understood what I was saying.	
	You allowed me to talk through my different ideas and choices.	
	Your feedback was very helpful.	
	You heard my concerns.	
	I really appreciate your support and encouragement.
